Dr. Robt. E. Speer,  
Lakeville, Conn. U.S.A.

My dear Dr. Speer :-

The members of Kunsan Station in the Southern Presbyterian Mission in Korea are pleased to own a copy of "George Bowen of Bombay", it has already begun its circulation from home to home in our station and will be a source of real profit and inspiration to all of those who read it.

We in Korea are facing many new problems for which it is difficult to find a satisfactory solution. As I have been reading your book I am struck with the fact that some of these are problems which George Bowen also faced in his work for Christ. Thank you for giving us the help of his example. I have found the reading of this book a good spiritual tonic.

Our station-family joins me in deep appreciation of your generosity and thoughtfulness in making this book available for many who follow after, as well as for the missionaries of this generation.

Cordially yours,

A handwritten signature in cursive script, reading "Lavallette Murphy". The signature is written in dark ink and is positioned below the typed name.

Dear Dr. Speer:

A little while ago someone mailed to our library a copy of GEORGE BOWER OF BOMBAY, your splendid memoir. No card was enclosed so we have made no acknowledgment of this. As it is likely that the same may have come from you, I am sending you this note in the name of our Library Committee and of myself. We do appreciate the gracious thought which prompted this gift. We are glad to have it on our shelves.

Very sincerely yours,

My dear Dr. Speer:

May I express my appreciation for the fine piece of work you did in preparing the book, "John J. Eagan - A Memoir". Granted that you had an inspiring subject to work on, you have collected his writings and added your own interpretations in a most helpful and inspiring form.

Mr. Barr of the American Cast Iron Pipe Company just sent me a copy of this book, and its reading has meant so much to me that I felt moved to express my appreciation to you for your part in making this book possible. I can think of quite a number of people throughout the United States who would be benefitted by this act of Mr. Eagan's life, and who might be able to make many changes in the economic changes of the United States if they would have courage enough to follow his example.

Thanks again for your authorship.

Sincerely yours,

MEMORANDUM for personal use.

Dr. Hill of the Canadian Presbyterian Board was in this morning for conference with regard to the possibility of:

- (a) cooperative work in the school at Jhansi;
- (b) the possibility of their Board taking over all our work at Jhansi and Gwalior.

The Canadian Presbyterians are prepared now to enter into some arrangement with the American Presbyterians for cooperation in these schools. The proposal is that the Canadian Presbyterians close their boys' school and send their boys to the A.P. Mission School. The distance between these schools is at present about a mile and a quarter. The Canadians have a good hostel accommodating about 150 boys, which they would expect to put at the disposal of the combined school. The American Presbyterian hostel on our Jhansi Compound would be closed. It is very old; the rooms are dark, small; it is in poor repair and it would be good to have this arrangement.

There would have to be some agreement reached with regard to the adjustment of expenses - perhaps through the charging of fees to the boys of the Canadian Mission School for their tuition and the Canadian Mission charging boys from our school for hostel accommodations. This would probably have to be worked out on the field.

Some arrangement would probably have to be made also by which the Canadian Mission might have a voice with regard to the teachers in the school and express opinions with regard to their qualifications and effectiveness.

The Canadian Presbyterians would be prepared to take over practically all our work in Jhansi and Gwalior at once:

From General Board Minutes:

"That we acknowledge with thanks receipt through W. H. Hazlop of letters from Mr. Lowther of the Canadian Presbyterian Mission, regarding the distribution of responsibility and work in Gwalior and in Jhansi, and assure Mr. Lowther and the Canadian Presbyterian Mission of our desire to consider with them the most effective arrangement for meeting our joint responsibility in these areas; in this connection the Evaluation and Planning Conference of 1938-39 under our Board of Foreign Missions will call for the fullest possible information on all matters connected with these fields, and any information the Canadian Presbyterian Mission can supply will be gratefully received."

My understanding of their property needs would be that they would wish to keep the school and the church buildings, but would not be especially interested in our bungalows since they have adequate bungalow accommodation for all their missionaries on their own compound.

Dr. Hill has promised to send me the action of his Board with regard to the combining of the schools and to write me a letter indicating their desires with regard to taking over the work at Jhansi and Gwalior.

Dear Dr. Speer:

A copy of GEORGE BOWEN OF BOMBAY has just come to my desk,  
with your compliments and the compliments of the Missionary Review of  
the World. We will take pleasure in reviewing this book in one of  
our publications.

Cordially yours,

f
